I hope that in this year to come you make mistakes. If you are making mistakes you are making new things, trying new things, learning, living and pushing yourself. You are changing yourself, changing your world- doing things you have never done before. Keep making mistakes.

Is your student missing assignments or has uncompleted work?

CATCH UP CLUB IS THERE FOR THEM!

- Students can start their year off right- without any missing assignments or incomplete work!
- Students can voluntarily spend time in the learning commons with Mrs. Bouchard to complete work that they have missed due to illness/travel or just catch up on something that is taking them a little longer than the class.
- Students can also be referred by teachers to complete work that is not being completed in class.
- This helps students learn the skills to manage their own assignment completion and avoids overwhelm with a pile up of work!
