Be Confident...

Show your kids how to have confidence by standing up for themselves when necessary- Know the difference between and aggression.

Spend Quality Time together...

When you make this effort children feel valued and worthwhile and this builds confidence

Value Difference...

Young people don't want to stand out from peers which allows bullying to thrive. Teach them to value differences in themselves and others.

Instill a Sense of Personal Power

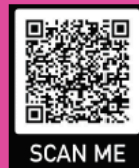

Teaching not only the recognition of right and wrong- but that you can do something about it and bring about positive change.
